

AFGE: A STRONG VOICE FOR AMERICA'S VETERANS

Habitat for Humanity Projects

As part of AFGE's program to represent and serve veterans, AFGE is seeking Locals to partner with Habitat for Humanity to repair homes of veterans.

Habitat currently has 140+ Veteran Build affiliates. In addition, Habitat requires the partner organization to make a monetary contribution, which helps pay for the materials for the project. The contribution ranges from \$2,500 - \$10,000 of which 89% goes toward the project. The remaining 11% goes to Habitat for overhead and earned media about your Local's efforts.

AFGE National and District NVPs have created a budget, which Locals can request financial assistance to partner with Habitat.

Scan the QR code or contact AFGE LPO Anthony.Livingston@afge.org for questions about the AFGE Veteran program including the Habitat for Humanity Build program.

Let's work together to continue to serve and help veterans!
